(b) (6)

RE: Agreement Form for Compensation of Damaged/Destroyed Property

Agreement made the _____ day of _____ 1997, by and between (b) (6), hereinafter (b) (6) and the United States Environmental Protection Agency, hereinafter, "the EPA".

WHEREAS, the EPA has implemented a removal action (referred to as the "Westbank Asbestos Site") based upon the determination that an imminent and substantial endangerment to public health, welfare and the environment was posed by the presence of a specific asbestos-containing material found throughout the Louisiana communities of Bridge City, Westwego, Marrero, Harvey, Gretna, and Algiers.

During the course of this removal action, the (b) (6) residence located at (b) (6) in Westwego, Louisiana was addressed. The purpose of the removal action at this property was to remove the specific asbestos-containing material which posed a potential health threat to you, your family, your neighbors, and any future public on or near your property. The excavation phase of the asbestos at this property began on February 24 and the restoration phase was completed on April 8. During the course of action at this property, site contractors potentially caused inadvertent damage to a sewer line under the excavated area. The damaged sewer line was replaced/repared. This damage to the sewer line allegedly caused damaged to property stored in the basement of your home.

In good faith we forwarded the list to an independent appraisal service in order to make just compensation of your property loss. The replacement cost of the property that you itemized in your fax letter is \$189.64 plus \$17.07 for tax which totals \$206.71. Unfortunately, the EPA will not be able to compensate for time off work or mental and emotional distress.

By signing this document, you indicate that you, (b) (6), has read and hereby acknowledges an understanding of all rights and claims as set forth in Section 112 of the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. 9612.

(b) (6) agree that Agreement represents full settlement under any federal or state law, of any and all claims and benefits to which they may be entitled with regard to any loss of their property identified in previous (b) (6)
